Experience

➤ PORTFOLIO WITH HTML, CSS, AND JS | 2020

Built the whole site with the basics for practicing in my initial days of my career.

Visit on: <https://enzos3.github.io/enzofiol/enzofiol/>

➤ RAHIP ESTUDIO CREATIVO | 2020-2021

Website creation, deploying, debugging. Work with teams of 5-7 developers with rotating Front-End roles, (designing, coding and using ReactJS, Redux, BootStrap).

Implementation of First Contentful Paint (FCP) by over 40% by purging unused CSS.

Github: <https://github.com/enzos3/rahip>

➤ BEAUTY PLANNER | MAKEUP PAGE | 2022

Built entire front end SPA using React. Fully responsive for all devices. Reutilizable components for future projects. Deployed on Firebase. Export and import various data sheets. Focused on the quality of code and built reusable components.
