## PROGRAMMING SKILLS

### January - May 2022
*Learned about Programming and Developing*

- HTML5
- CSS
- JavaScript
- Flexbox
- Grid CSS
- SASS

- AJAX
- DOM API's
- ReactJS (JSX)
- NodeJS
- Responsive Design
- UI & UX Design

Experience:
RAHIP-WEB: Graphic Designer Web. Find it in ⬡
Portfolio CV: Curriculum Vitae Proyect. Also in Github.

### to the Present
*UI & UX Design and Responsive Design*

*JUNIOR FRONT-END DEVELOPER*

> In my learning process, I've been able to make different proyects as Front-end Developer. From making a Landing page with different boxes, menu's, tickets, and much more. Although I'm constantly searching and reading more documentation in order to code better, shorter, functional and reutilizable, also I already start to learn ReactJS and I'm working on a new proyect using React.

Studies:
High School: 4-016 Antonio Marcelo Arboit. (Electric Technician)
College: Universidad de Congreso.
Programming Career: Autodidact. (2020-2022)
